# Smartphone Integration

## 2019 IONIQ Hybrid Android Auto & Apple CarPlay

- 1 Connect a USB cable from your phone to the vehicle's USB slot.

Android Auto

Apple CarPlay

- 2 Allow permission from your phone to connect to your vehicle.

Android Auto

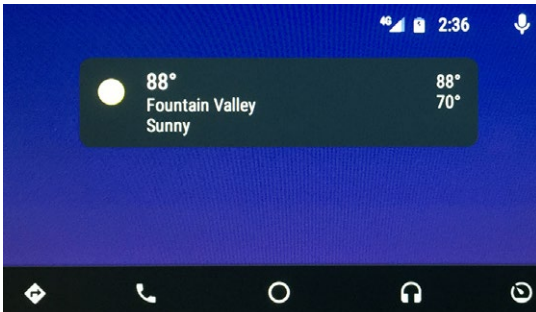

Apple CarPlay

- 3 Enjoy using the applications displayed on your vehicle's head unit screen.

Android Auto

Apple CarPlay

### NOTE

Android Auto users will be prompted to view a tutorial. Select your option and proceed.

# Phone Pairing

## 2019 IONIQ Hybrid Navigation and Display Audio

- 1 The vehicle's shifter must be in **PARK**.

Then press the **SETUP** button.\*

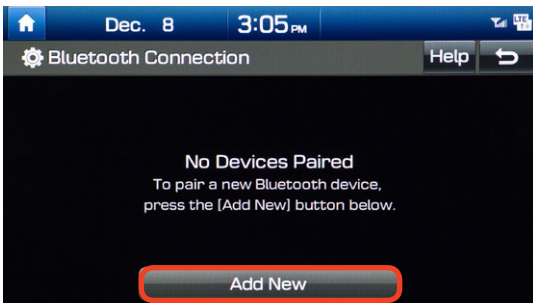

- 2 Press the **BLUETOOTH**<sup>®</sup> icon on the screen.  
Then press **BLUETOOTH CONNECTION**.

- 3 Press **ADD NEW**.

Then turn on your phone's **BLUETOOTH** and select the device (Ioniq Hybrid) found by your phone.

### NOTE

Bluetooth setting can be found in the SETTINGS app on most phones. Refer to your phone's owner's manual or visit [HyundaiBluetooth.com](http://HyundaiBluetooth.com) for more information.

\*Button and/or icon location may differ from the image shown.

# Phone Pairing

## 2019 IONIQ Hybrid Navigation and Display Audio

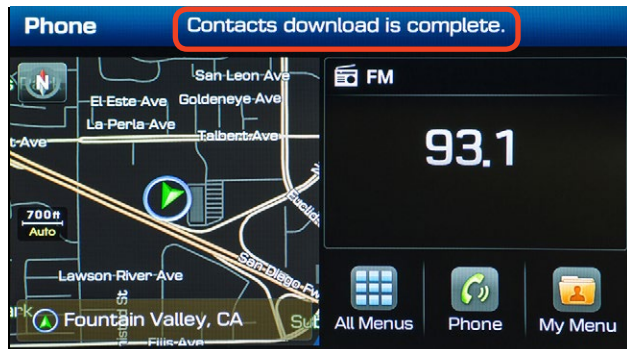

**4** Your phone may require a **PASSKEY**.  
If prompted, enter it into your phone.

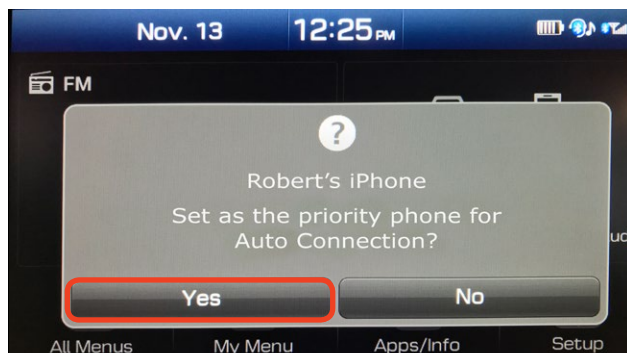

**5** The vehicle will confirm that your phone has been successfully connected.

**6** The vehicle will confirm that your contacts download is complete.

**7** Select **YES** if you would like to set your phone as the priority device for Auto Connection.

## NOTE

If your phone is supported, your contact list may be transferred to your vehicle automatically. Depending on the phone make and model:

- Some phones may request approval to download contacts; this process will take a few minutes
- Contact list may start with First or Last Name, depending on phone models
- Some phones may require additional confirmation on their device to allow contacts to sync

# Custom Button

# Making a Call

By Voice Commands Using Bluetooth

2019 IONIQ Hybrid  
Navigation and Display Audio

## BEFORE YOU START

Make sure your phone has been paired and your contacts have been downloaded. If this has not been done, please follow the instructions on the previous pages.

- 1 Press the **PUSH TO TALK** button located on the steering wheel.

You will hear a beep.

- 2 After the beep, say the command "**CALL**" followed by the name of the desired contact.

Example:

"**CALL JOHN SMITH**"

- 3 Select the number you would like to call by saying

"**1**" or "**2**."

# Making a Call

By Voice Commands Using Bluetooth

2019 IONIQ Hybrid  
Navigation and Display Audio

- 4 The selected number will be dialed and your contact's name and phone number will appear on the screen.

- 5 To end the call, press the **END CALL** button located on the steering wheel.

# Making a Call

By Voice Commands Using  
Android Auto/Apple CarPlay

2019 IONIQ Hybrid  
Display Audio

- 1 Connect a USB cable from your phone to the vehicle's USB slot. Notice the icon displayed on your screen.

Android Auto

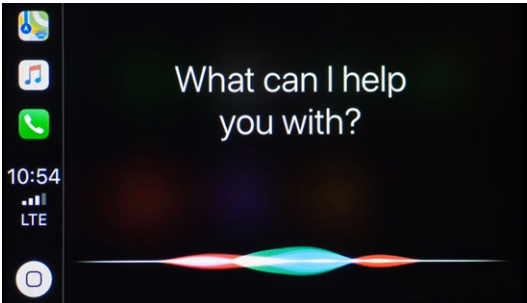

Apple CarPlay

- 2 Press the **PUSH TO TALK** button located on the steering wheel and say a command after the beep.

- 3 For Apple CarPlay, you will see these screens:

For Android Auto, you will see these screens:

Common Phone Voice Commands

2019 IONIQ Hybrid  
Navigation and Display Audio

To start voice command, press the **PUSH TO TALK** button located on the steering wheel.

“**HELP**” provides guidance on commands that can be used within the current function.

**Here are a few common voice commands to use after your phone has been paired:**

Say “**CALL**” to initiate a call followed by saying the name of the saved contact with whom you wish to speak.

For example: “**CALL JOHN SMITH.**”

“**DIAL**” makes a call by dialing the spoken numbers.

For example: “**DIAL 1-800-633-5151.**”

“**PHONE**” provides guidance on phone-related commands.

“**CALL HISTORY**” displays the phone’s call history screen.

“**CONTACTS**” displays the phone’s contacts screen.

## NOTE

Compatibility and performance may vary based on your phone, the phone’s software, and your wireless carrier.

# Navigation
