1
The vehicle's shifter must be in PARK.

2
Press the SETUP button.

3
Using the central control knob, navigate to BLUETOOTH® and press down to select.

4
Press down to select BLUETOOTH CONNECTIONS.

Then navigate to ADD NEW DEVICE and press down to select.

NOTE: Bluetooth settings can be found in the SETTINGS app on most smartphones. Refer to your phone's owner's manual or visit GenesisBluetooth.com for more information.

5

Turn on your phone's BLUETOOTH® and select the device (G90) found by your phone.

6

Your phone may require a PASSKEY. If prompted, enter it into your phone.

7

The vehicle will confirm that your phone has been successfully connected.

8

The vehicle will confirm that your contacts download is complete.

9

Select YES if you would like to set your phone as the priority device for Auto Connection.

NOTE: If your phone is supported, then your contact list may be transferred to your vehicle automatically. Depending on the phone manufacturer and model:

• Some phones may request approval to download contacts; this process will take a few minutes

• Contact list may start with First or Last Name, depending on phone models

• Some phones may require additional confirmation to allow contacts to sync

BEFORE YOU START

Make sure your phone is connected to your vehicle and your phone contacts have been downloaded to the vehicle. If this has not been done, please follow the instructions on the previous pages.
