## 4 Connecting a Device

- Phone Pairing

## 7 Making a Call

- Using Voice Commands
- Common Voice Commands

## 10 Smartphone Connection (if equipped)

- Setting Up Android Auto™/  
Apple CarPlay®
- Making a Call

# Connecting a Device

## Phone Pairing

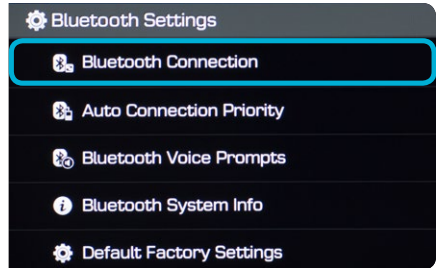

The images, displays, buttons, and/or icon locations shown may differ slightly from actual product.

- 1 The vehicle's shifter must be in **PARK**. Press the **SETUP** button.

- 2 Press the **BLUETOOTH**® icon on the screen. Then press **BLUETOOTH CONNECTION**.

- 3 Press **ADD NEW**. Then turn on your phone's **BLUETOOTH** and select the device (Accent) found by your phone.

**Note** Bluetooth settings can be found in the SETTINGS app on most phones. Refer to your phone's owner's manual or visit [HyundaiBluetooth.com](http://HyundaiBluetooth.com) for more information.

# Connecting a Device

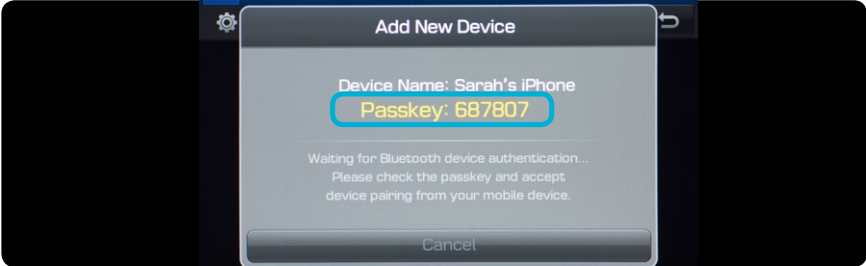

## Phone Pairing

The images, displays, buttons, and/or icon locations shown may differ slightly from actual product.

4

Your phone may require a **PASSKEY**. If prompted, enter it into your phone.

5

The vehicle will confirm that your phone has been successfully connected.

6

The vehicle will confirm that your contacts download is complete.

# Connecting a Device

## Phone Pairing

- 7 Select **YES** if you would like to set your phone as the priority device for Auto Connection.

Image shown may differ from actual product display.

**Note** If your phone is supported, your contact list may be transferred to your vehicle automatically. Depending on the phone make and model:

- Some phones may request approval to download contacts; this process will take a few minutes
- Contact list may start with First or Last Name, depending on phone models
- Some phones may require additional confirmation on their device to allow contacts to sync

### Before You Start

Make sure your phone has been paired and your contacts have been downloaded. If this has not been done, please follow the instructions on the previous pages.

- 1 Press the **PUSH TO TALK\*** button located on the steering wheel. You will hear a beep.

- 2 After the beep, say the command "**CALL**" followed by the name of the desired contact.

Example: "**CALL JOHN SMITH**"

- 3 Select the number you would like to call by saying "**ONE**" or "**TWO**."

**Note** \*The display, button, and/or icon locations may differ from the images shown.

# Making a Call

## Using Voice Commands

4

The selected number will be dialed and your contact's name and phone number will appear on the screen.

5

To end the call, press the **END CALL\*** button located on the steering wheel.

**Note** \*The display, button, and/or icon locations may differ from the images shown.

To start voice command, press the **PUSH TO TALK\*** button located on the steering wheel.

**Here are a few common voice commands to use after your phone has been paired:**

“**HELP**” provides guidance on commands that can be used within the current function.

Say “**CALL**” to initiate a call followed by saying the name of the saved contact with whom you wish to speak. For example: “**CALL JOHN SMITH.**”

“**DIAL**” makes a call by dialing the spoken numbers. For example: “**DIAL 1-800-633-5151.**”

“**PHONE**” provides guidance on phone-related commands.

“**CALL HISTORY**” displays the phone’s call history screen.

“**CONTACTS**” displays the phone’s contacts screen.

**Note** Compatibility and performance may vary based on your phone, the phone’s software, and your wireless carrier.

\*The display, button, and/or icon locations may differ from the images shown.

Android Auto and Apple CarPlay allow you to access the most commonly used smartphone features, including calling, navigation, text messaging, and playing music all from your driver's seat.

### 1 Connect a USB cable from your phone to the vehicle's USB data port.\*

Android Auto

Apple CarPlay

### 2 Allow permission from your phone to connect to your vehicle.

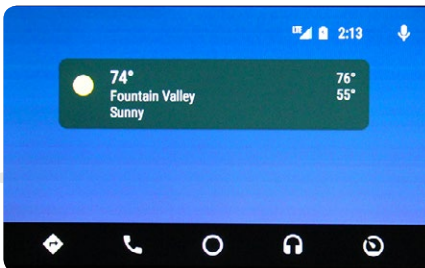

Android Auto

Apple CarPlay

### 3 Enjoy using the applications displayed on your vehicle's multimedia screen.

Android Auto

Apple CarPlay

**Note** Android Auto users will be prompted to view a tutorial. Select your option and proceed.

\*USB data port will typically be located in or near the front in-dash console. Check your vehicle's owner's manual for specific location.

Apple CarPlay is a registered trademark of Apple Inc. Android Auto is a trademark of Google Inc.
