- Using Voice Commands
- Common Voice Commands

10 Smartphone Connection (if equipped)

- Setting Up Android Auto™/
Apple CarPlay®
- Making a Call

13 Custom Button

- Initial Setup
- Reassign Feature

Connecting a Device

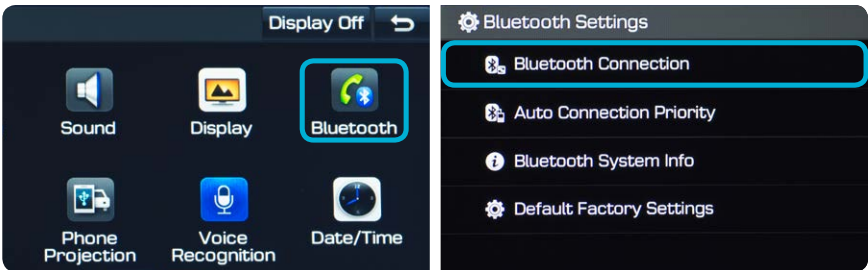

Phone Pairing

- 1 The vehicle's shifter must be in **PARK**. Press the **SETUP*** button.

- 2 Press the **BLUETOOTH*** icon on the screen. Then press **BLUETOOTH CONNECTION**.

- 3 Press **ADD NEW**. Then turn on your phone's **BLUETOOTH** and select the device (ELANTRA GT) found by your phone.

Note Bluetooth settings can be found in the SETTINGS app on most phones. Refer to your phone's owner's manual or visit HyundaiBluetooth.com for more information.

*The display, button, and/or icon locations may differ from the images shown.

Connecting a Device

Phone Pairing

- 4 Your phone may require a **PASSKEY**. If prompted, enter it into your phone.

- 5 The vehicle will confirm that your phone has been successfully connected.

Image shown may differ from actual product display.

- 6 The vehicle will confirm that your contacts download is complete.

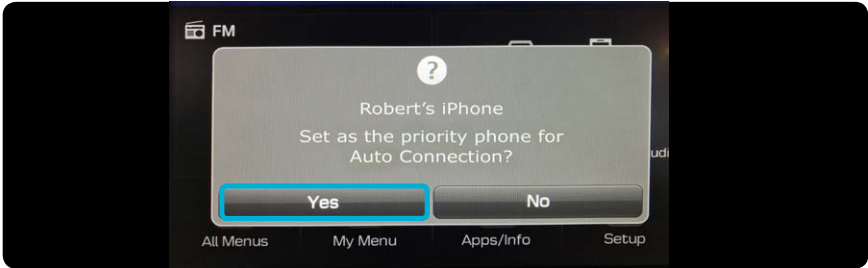

Image shown may differ from actual product display.

Connecting a Device

Phone Pairing

- 7 Select **YES** if you would like to set your phone as the priority device for Auto Connection.

Note If your phone is supported, your contact list may be transferred to your vehicle automatically. Depending on the phone make and model:

- Some phones may request approval to download contacts; this process will take a few minutes
- Contact list may start with First or Last Name, depending on phone models
- Some phones may require additional confirmation on their device to allow contacts to sync

Before You Start

Make sure your phone has been paired and your contacts have been downloaded. If this has not been done, please follow the instructions on the previous pages.

- 1 Press the **PUSH TO TALK*** button located on the steering wheel. You will hear a beep.

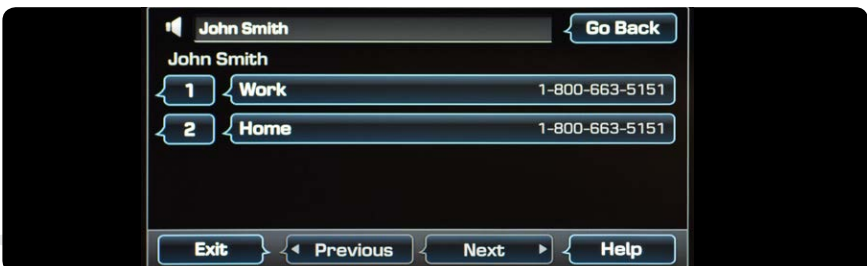

- 2 After the beep, say the command "**CALL**" followed by the name of the desired contact.

Example: "**CALL JOHN SMITH**"

- 3 Select the number you would like to call by saying "**ONE**" or "**TWO**."

Note *The display, button, and/or icon locations may differ from the images shown.

Making a Call

Using Voice Commands

4

The selected number will be dialed and your contact's name and phone number will appear on the screen.

5

To end the call, press the **END CALL*** button located on the steering wheel.

Note *The display, button, and/or icon locations may differ from the images shown.

To start voice command, press the **PUSH TO TALK*** button located on the steering wheel.

Here are a few common voice commands to use after your phone has been paired:

“**HELP**” provides guidance on commands that can be used within the current function.

Say “**CALL**” to initiate a call followed by saying the name of the saved contact with whom you wish to speak. For example: “**CALL JOHN SMITH.**”

“**DIAL**” makes a call by dialing the spoken numbers. For example: “**DIAL 1-800-633-5151.**”

“**PHONE**” provides guidance on phone-related commands.

“**CALL HISTORY**” displays the phone’s call history screen.

“**CONTACTS**” displays the phone’s contacts screen.

Note Compatibility and performance may vary based on your phone, the phone’s software, and your wireless carrier.

*The display, button, and/or icon locations may differ from the images shown.

Android Auto and Apple CarPlay allow you to access the most commonly used smartphone features, including calling, navigation, text messaging, and playing music all from your driver's seat.

1 Connect a USB cable from your phone to the vehicle's USB data port.*

Android Auto

Apple CarPlay

2 Allow permission from your phone to connect to your vehicle.

Android Auto

Apple CarPlay

3 Enjoy using the applications displayed on your vehicle's multimedia screen.

Android Auto

Apple CarPlay

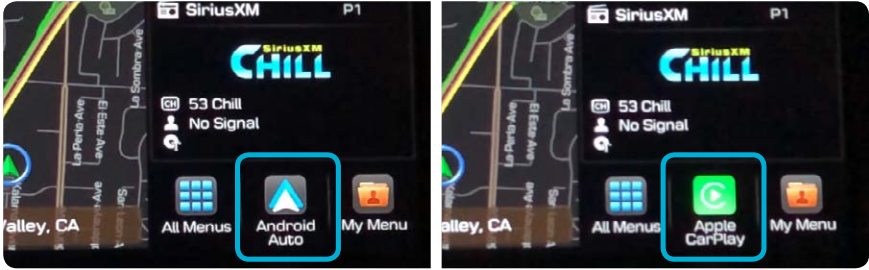

Note Android Auto users will be prompted to view a tutorial. Select your option and proceed.

*USB data port will typically be located in or near the front in-dash console. Check your vehicle's owner's manual for specific location.

Apple CarPlay is a registered trademark of Apple Inc. Android Auto is a trademark of Google Inc.

- 1 Connect a USB cable from your phone to the vehicle's USB data port.* Notice the icon displayed on your screen.

- 2 Press the **PUSH TO TALK**** button located on the steering wheel and say a command after the beep.

- 3 For Apple CarPlay, you will see these screens:

For Android Auto, you will see these screens:

Note *USB data port will typically be located in or near the front in-dash console. Check your vehicle's owner's manual for specific location.

**The display, button, and/or icon locations may differ from the images shown.

4

To end the call, press the **END CALL*** button located on the steering wheel.

Note *The display, button, and/or icon locations may differ from the images shown.

Custom Button

Initial Setup/Reassign Feature

The Custom Button (☆) can be used to quickly access your favorite feature with just the touch of a button.

Initial Setup

- 1 Press the **CUSTOM BUTTON**.*

- 2 Select from the listed options** to set as your custom button. For example, select **PHONE**.
